# MP3 Overview

## 1. How to connect

## **2- Operation**

a) Turn on and Play music:

connect the earphone and long press the "Vol+" button.

b) Volume up:

Long press the "Vol+" button

b) Volume down:

Long press the "Vol-" button

d) Previous song:

Press the "Vol-" button

d) Next song:

Press the "Vol+" button

## **3- Recharge the battery**

a) Connect the player to the PC or NB with USB cable to recharge

b) It's possible to charge the solar battery and enjoy the media playing at the same time

c) Whenever user wish to use the solar charging function, simply turn the unit face the sunbeam directly (It won't charge under minor sunbeam condition. At normal condition, it will charge for 10mA/Hr)

### **Note:**

When it is charging or operating, the blue light will glow as a signal. The battery is fully charged after it charges for about 2 hours.

## **4- USB Disk**

The player can be used as a normal USB disk without any driver needed except Windows 98/98SE.

### **Notice:**

1) Remove the earphone will shut down the machine

2) After shut down, you must wait at least 5 seconds to reconnect the earphone, or the unit would fail to operate.

**Information on Disposal (Waste Electrical & Electronic Equipment Directive 2002/96/EC)**

Your product is marked with this symbol. It means that used electrical and electronic products should not be mixed with general household waste. There is a separate collection system for these products
